6	ARUN KRISHNA	arun.krishna.se@gmail.com	9710506208269	Design Engineer	Engineering	United Arab Emirates	Mid level	Master's	Yes	English	I looking for job opening for the post of BIM modeler or Structural engineer. Please accept this letter and attached resume. With a good background in the field, and well-grounded with numerous works of Southend Prefab, I am very much excited to contribute my share to the growth of your company. If given an opportunity I am confident that my skills will surpass your expectations from this role. Currently, i am working as a structural engineer. I am good experience in dealing with structural as well as architectural drawings of Porta cabin, bridges, water tank, multistory buildings, etc.,. So i am good at structural designing using STAAD Pro, ETABs , IDEA StatiCa and sheet arranging and drafting works with respect to Revit and CAD software (I am involved in Autodesk Revit, CAD, Navisworks). I reviewed the requirements of the job opening and I believe my candidacy is a good fit for this position. Some of the key requirements that I have extensive experience with include: •Strong communications skills - written, oral and listening - with both technical and non-technical audiences. •Strong organizational skills and proactive positive attitude. •Advanced skills using Autodesk building design suite (Revit, Navisworks, Auto CAD). •Proficiency with Revit (design or coordination) •Intermediate knowledge of technological trends. •Knowledge in design codes (ASCE 7-16,AISC 360-16,AWS D1.1) guidelines and processes throughout the design process. Thank you for considering me to become a member of your team. If anything, need to know about me, my number is +971 0506208269 and my email is arun.krishna.se@gmail.com. As a Steel Structure Civil Engineer with a strong background in designing and analyzing steel frames, members, and connections in accordance with international codes (AISC, API, CISC), I bring both technical expertise and hands-on project experience gained from working with leading firms in Dubai and Egypt. In my recent role at IRON MAKERS STEEL (IMS) in Dubai, I designed steel members and connections ensuring full compliance with project specifications and international standards. Prior to that, at ASSENT STEEL (Al-Shafar), I collaborated with multidisciplinary design teams to optimize structural performance. My experience at PETROJET further strengthened my capabilities in designing complex roof structures such as cones, domes, and trusses, as well as preparing detailed technical documentation for client submissions. I am highly skilled in advanced structural software including SAP2000, STAAD Pro, ETABS, IDEA StatiCa, RAM Connection, RISA Connection, Tekla Structures, and AutoCAD, which allows me to deliver accurate, efficient, and optimized design solutions. Beyond technical proficiency, I am a quick learner with strong teamwork, communication, and problem-solving skills that enable me to adapt and thrive in challenging environments. Thank you for considering my application. I look forward to the opportunity for an interview.	View	September 5, 2025 12:39 PM

39	Asad Dawre	asadaware@gmail.com	9082607100	Design Engineer	Engineering	India	Early	Bachelor's	Yes	English, Arabic	Asad Dawre Mumbai, Maharashtra, India. Dear Hiring Manager, I am writing to express my interest in the Civil Structural Engineer position. With two years of hands-on experience in structural engineering, six months into site execution as roads engineer and a strong academic foundation, I am enthusiastic about the opportunity to contribute my skills and knowledge to your dynamic team. In my current and previous roles, I have gained comprehensive experience in the design and detailing of steel and concrete structures, structural inspections, and project coordination. My responsibilities have included modeling, analysis, design, and preparing construction drawings, along with collaborating with multidisciplinary teams to ensure timely project delivery. I am proficient in industry-standard tools such as STAAD.Pro & ETABS for modelling & analysis, Microsoft Excel for design calculations, Revit, Tekla Structures & AutoCAD for detailing and drafting. I am confident that my technical capabilities, combined with a strong commitment to continuous learning and improvement, make me a strong candidate for your team. Some key strengths I bring to this role include: • Proficiency in structural design software • Familiarity with design standards including Eurocodes, British Standards, and Indian Standards • Experience working collaboratively across disciplines to deliver successful projects • Strong analytical and problem-solving skills with close attention to detail Thank you for considering my application. I would appreciate the opportunity for further discussion. Sincerely, Asad Dawre	View	September 5, 2025 12:11 PM
40	Mohammed Sameer Ather	msa_sdesigner@gmail.com	7731998073	Design Engineer	Engineering	India	Early	Master's	Yes	English	I am an experienced Structural Engineer with over three years of expertise in structural engineering. I have developed a strong specialization in the load determination, analysis and design of heavy public sector Railway bridges and also commercial (Groceries, Retail, Gas stations - USA) & Residential buildings in Hyderabad. I have performed FEM-analysis for complex railway bridge structures such as Plate Girder, Open web girder, Prestressed concrete girder, underslung bridges, cable bridge and Load determination, Analysis, Design, drawings development and coordination for low rise commercial and residential buildings. I bring an advanced proficiency in structural software including MIDAS-Civil, Bluebeam-Revu, Tekla Tedds, IDEA StatiCa, Etabs & Stadd Pro and MathCAD, along with a thorough understanding of Indian & U.S. building codes and standards. My experience collaborating across disciplines—I have the capability to Independently manage project from concept to completion with respect to time line, design standards and quality expectations. I look forward to bringing this background to a new role where I can continue to deliver high-quality structural solutions.	View	September 5, 2025 11:46 AM

With over 18 years of professional experience at Dar Al-Handasah Consultants, I have specialized in the design and supervision of complex steel structures across major international projects, including airports, metro stations, high-rise buildings, and industrial facilities. In my current role as Associate Structural Engineer, I have successfully led design teams in Cairo, Amman, and Pune, ensuring the delivery of coordinated, high-quality design packages under fast-track conditions. My work has consistently involved the analysis and design of complex steel systems, seismic detailing to Eurocode and American standards, and the review of contractor submittals for execution on site. Notable projects I contributed to include the New Bugesera International Airport in Rwanda, Riyadh Metro - Phase 2, and the NEOM Mountain Base Camp, among many others. I bring not only technical expertise in SAP2000, STAAD.Pro, Lincon, and HILTI Profs, but also proven leadership in cross-cultural environments, guiding multidisciplinary teams, and coordinating directly with contractors and authorities. My ability to combine rigorous engineering analysis with practical construction solutions enables me to deliver safe, efficient, and buildable designs that align with client expectations. I am eager to contribute my skills and experience to Acero and support the successful delivery of your upcoming projects. I would welcome the opportunity to discuss how my background in structural steel design and project leadership can add value to your team. Thank you for your time and consideration. I look forward to the possibility of contributing to your organization. Best regards, Omar El Kaliouby	View	August 18, 2025 4:28 PM

I would be grateful for the opportunity to discuss how I can contribute to your upcoming projects. Could we schedule an online interview at your convenience? I am fully available and flexible to accommodate UAE working hours or any mutually suitable time. Thank you for considering my application. I have attached my resume for your review, and I look forward to the possibility of contributing to your team. Warm regards, Aysha Nasreen</p>	View	August 11, 2025 6:39 PM
72	Aswini Kumar Busam	ashwinkb308@outlook.com	0545740580	Design Engineer	Engineering	United Arab Emirates	Mid level	Bachelor's	Yes	English	<p>BUSAM ASWINI KUMAR Dubai, UAE +971545740580 ashwinkb308@outlook.com 07-24-2025 Hiring Manager Dear Hiring Manager, I am writing to express my interest in the position of Design Engineer at your esteemed organization. With over 8 years of experience in structural steel and concrete detailing, design, fabrication, and erection, I bring a well-rounded skill set that aligns strongly with the demands of modern engineering and construction projects. Currently, I serve as a Design Engineer with CSCEC in Dubai, where I am involved in reviewing structural and architectural drawings, preparing RFIs, coordinating project documentation, and ensuring smooth interfacing between engineering and procurement teams. My expertise in software tools like Tekla Structures and AutoCAD, along with my experience in handling diverse projects—from industrial facilities to commercial buildings—has honed my ability to deliver quality outputs under tight deadlines. Previously, I contributed to various projects at Arteras Engineering, Syscad Engineering, and Cistron Infotek, working on complex structures such as refineries, educational institutions, and civic facilities. These experiences have enhanced my skills in 3D modeling, clash detection, drawing finalization, and cross-team collaboration. I am particularly drawn to your organization due to its reputation for engineering excellence and innovation. I am confident that my technical background, coupled with my proactive communication and problem-solving abilities, would allow me to add significant value to your team. Please find attached my resume for your consideration. I would welcome the opportunity to discuss how my qualifications can benefit your upcoming projects. Thank you for your time and consideration. Warm regards, Busam Aswini Kumar</p>	View	August 6, 2025 3:25 PM
